

In this file I included the short descriptions and links of articles, websites that I used to complete the Homework 1.

1. GSM BARCODING, THE HISTORY OF PRINTERS -  
[https://www.barcoding.co.uk/history-of-printers/#:~:text=The%20first%20electronic%20printer%20was,Epson%20\(Shinshu%20Seiki%20Co.\)](https://www.barcoding.co.uk/history-of-printers/#:~:text=The%20first%20electronic%20printer%20was,Epson%20(Shinshu%20Seiki%20Co.))  
In this article, there is a good explanation of history of printers. There are mentioned phases how printing systems developed from early years up to nowadays.
2. hc, Laser Printer -  
<https://history-computer.com/laser-printer/>  
In this website the history of laser printers is presented. There is information about founders, functionality, and types of laser printers.
3. TIME magazine, An AI 3D Printer -  
<https://time.com/collection/best-inventions-2022/6226978/bambu-lab-x1-3d-printer/>  
TIME magazine website publishes a list of the best 100 innovations of the year. I selected one innovation from the provided products.
4. statista, Number of printers sold in Brazil from 2014 to 2020 -  
<https://www.statista.com/statistics/863044/brazil-printer-unit-sales/>  
From this website I extracted needed data for further steps implementation.
5. World Population Review, World Population by Country 2023 -  
<https://worldpopulationreview.com>  
I used information about world population size from this website.
6. colorlib, Graphic Design Statistics 2023 -  
<https://colorlib.com/wp/graphic-design-statistics/>  
I used information about world graphic designers size from this website.
7. BROOKINGS, Global manufacturing scorecard -  
<https://www.brookings.edu/articles/global-manufacturing-scorecard-how-the-us-compares-to-18-other-nations/>  
I used information about world employees in manufacturing sector from this website.
8. MarkNtel, (AI) in 3D Printing Market Research Report  
<https://www.marknteladvisors.com/research-library/artificial-intelligence-3d-printing-market.html>
